

# PSPP 301: Procurement Practice – Putting it all Together

**Delivery:** Online, Instructor-led: **4 Weeks (Approx. 36 Hours)**

**Method:** Four weekly self-directed modules + instructor-led discussion forums + written assignments

**Team Investment:** \$36,000 for up to 20 participants

With this final course in the Public Sector Procurement Program your team is well on their way to receiving their PSPP certificate and to become recognized as procurement experts.

Building on the skills and knowledge gained in levels 1 and 2, this 4-week interactive peer-to-peer course incorporates discussions on current case examples and topics to expand understanding and solidify key points. Along with the self-directed modules, teams will have an opportunity to take their practical knowledge and participate in threaded discussions in the instructor-led forum and they are also expected to complete two written assignments.

Over the four weeks of the course, participants are expected to complete their assignments while carrying out their regular workload. In this way, they learn how to budget time and to put into practice examples and illustrations they learned during the program.

## Topics

- Readings, (asynchronous) discussions and assignments that reinforce key points learned through levels 1 and 2 and expand understanding of the role of public-sector procurement professionals
- Advanced procurement strategies, including the most recent case law and practical developments in procurement practice
- Peer- to-peer interaction, networking and sharing of best practices

## Learning Objectives

- Analyze common procurement scenarios and recommend an appropriate course of action
- Differentiate between effective and ineffective procurement strategies
- Research advanced procurement strategies and assess the value for your organization
- Reflect on your own practice and identify areas for further development
- Identify networking and continuing education opportunities

## Expected Outcomes

Upon completion of this course, participants will have the necessary knowledge and skills to perform effectively during all phases of the procurement and contract management cycle. They will have reviewed and reflected on the key components of each step of the cycle and practiced the skills learned in levels 1 and 2 through interactive discussions and written assignments.

Upon successful completion, participants will receive their Public Sector Procurement Program certificate.
